BACKGROUND/INTRODUCTION

BCACCS is a non-profit organization, dedicated to supporting Indigenous early learning and child care (IELCC) programs and services throughout BC. We are the host agency for the only provincial Aboriginal Child Care Resource and Referral program.

At BCACCS, a primary focus of our research, advocacy, training and professional development is to translate our culturally rich traditions into effective IELCC programs and services. We believe that community involvement, leadership, and support are central to the healthy, holistic development of Aboriginal children. We seek to promote the capacity of ECE professionals to design and deliver programs and services that are immersed in our cultures and communities.

Each year, BCACCS holds an annual provincial conference for professionals who specialize in IELCC. Our 350 delegates include: early childhood educators, family support workers, supported child development consultants, infant development consultants, early interventionists, researchers, and policy-makers. The annual budget for conference is approximately \$300,000.00

This year we will be hosting our 22nd Annual Provincial Training Conference, in Richmond between October 25-27, 2019. This conference provides an opportunity to: build effective relationships, work collectively and lift each other up as we create vibrant and responsive culturally rich learning environments and resources that meet the needs of young Indigenous children and their families. The focus of this year's conference will be Indigenous Languages.
