Indigenous Early Childhood Educator – Casual / On Call

Job Description

The Early Childhood Educator will provide a quality, caring, and supportive environment to children, age 0-6, and their families who access the Early Childhood Development (ECD) Drop-In centre curriculum. ECD programs and services are designed to ensure children get the best possible start in life. The work of Early Childhood Educator will contribute towards the following long-term outcomes.

1. Mothers are healthy and give birth to healthy infants who remain healthy.
2. Children experience healthy early childhood development, including optimal early learning and care.
3. Parents are empowered and supported to nurture and care for their families.
4. Communities support the development of all children and families.

Team work, listening, understanding and responding, fostering trust, and developing others are key competencies of this position.
