

Introducing:

IELCC REGIONAL COMMUNITY
FACILITATOR (NORTH)

Mary Disney

BC Aboriginal Child Care Society (BCACCS)

Nurturing Excellence in Indigenous Early Learning and Child Care Since 1996

BCACCS offers training and resources designed to help Indigenous communities, parents, early childhood educators, and support staff enhance the services they provide for Indigenous children and families. Now, Mary Disney, Regional Community Facilitator for the North, is part of the team. She is available to support your community access funding opportunities.

Mary Disney's ancestors are Haida. She has been working with children and families for over 12 years. She holds an ECE certification as well as a Business Administration Certificate. Mary brings her experience and education to the communities in the northern region of BC. In addition to working in child care and early learning settings, Mary has experience working closely with families and community, in schools, as an Indigenous resource worker and a Strong Start facilitator.

Mary believes that family is an important foundation and connection to place and culture is the strength within all of us. She continues to make it her goal to gain experience and learn about the needs of northern communities and families.

FUNDING OPPORTUNITIES

Want to learn more about the First Nations Early Learning and Child Care Framework Implementation opportunities for funding?
